IPS APPOINTS GABRIEL J. LOPEZ TO LEAD ITS ENGINEERING, DESIGN AND COMPLIANCE EXPERTISE IN PUERTO RICO

Lafayette Hill, PA, October 25, 2006 – Integrated Project Services (IPS), a leading, full-service engineering, design/build, validation, and compliance company dedicated to assisting pharmaceutical and biotech companies improve operations, today announced the appointment of Gabriel J. Lopez, P.E. as Engineering Manager, Puerto Rico. Mr. Lopez will oversee and coordinate the activities of the architectural and engineering design departments for IPS's Puerto Rico-based projects. Mr. Lopez will provide his extensive mechanical engineering design expertise to ensure quality and compliance for the benefit of top pharmaceutical and biopharmaceutical companies with key manufacturing operations on the island.

"Gabriel joins a highly-talented team of licensed engineers and architects at IPS Puerto Rico, and we expect that his focused leadership will assist biotech and pharmaceutical companies improve operations, revitalize facilities, and stay compliant in today's challenging regulatory environment," said Sterling G. Kline, R.A., Senior Director, Project Development. "His considerable knowledge of the industry, particularly relating to bulk and finished product pharmaceutical manufacturing facilities, coupled with his first-hand mechanical engineering experience, and customer focus, will be a great asset to IPS and our clients."

Mr. Lopez possesses over eighteen years of experience providing mechanical engineering design services for the manufacturing and pharmaceutical industries. His areas of expertise include HVAC design for class 100 sterile facilities and OSD manufacturing suites handling both potent and non-potent products. The type of projects includes sterile and oral solid dosage facilities, API chemical plants, laboratories, medical devices, healthcare, and microelectronics. Prior to joining IPS, Mr. Lopez served as HVAC Department Manager for several firms dedicated to serving biopharmaceutical the pharmaceutical companies such as Jacobs, Raymond Professional Group and Lockwood Greene. Mr. Lopez received his Bachelor's degree in Mechanical Engineering from the University of Puerto Rico.
