**IPS APPOINTS NEW DIRECTOR OF SAFETY**

**-Steven Huntzinger brings 20+ Years of extensive EHS knowledge and leadership-**

**Lafayette Hill, PA; December 21, 2012-**IPS-Integrated Project Services, a leading, full-service engineering, construction, commissioning and qualification firm dedicated to helping clients succeed with capital projects and improve operations, appointed Steven Huntzinger as Director of Safety.

“We are delighted to welcome Steve to IPS”, said Dave Goswami, PE, Chief Executive Officer and Managing Director, IPS. “Steve will provide overall leadership for our Mission Zero Safety Program, which was developed to ensure a safe and healthful environment through communication, training and educational opportunities and promote a culture of safety for all IPS employees, clients, subcontractors, vendors and suppliers. He will be a major contributor to our engineering, construction, and compliance operations, and his knowledge will enhance our corporate safety and operations standards, protecting our people and optimizing the facilities we design, build and qualify.”

Mr. Huntzinger possesses over twenty-years of in-depth experience in all areas of Environmental, Health and Safety (EHS). He has held leadership roles with responsibility for comprehensive assessment and management of manufacturing processes and EHS systems areas. Most recently, he was with TEVA Pharmaceuticals, where he established a corporate safety support function for over twenty manufacturing facilities in the United States, Canada and Latin America. In addition, he developed and implemented a detailed EHS risk assessment program and mitigation tool for regulatory compliance risks. As Director of EHS-North American for Cephalon, Mr. Huntzinger oversaw all aspects of EHS compliance programs for pharmaceutical operations comprised of Research and Development, pilot plant, facilities, engineering and manufacturing for North American operations. With Unisys Corporation, he held several positions with increasing responsibility for compliance with all Federal, State, Local and Corporate environment and safety regulations. Mr. Huntzinger earned his M.B.A. from The Pennsylvania State University and a B.S. in Environmental Engineering Technology from Temple University. He attended Upper Bucks County Aviation Maintenance; earning a FAA Airframe and Power Plant Mechanics license.

**About IPS**

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, our team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. For over twenty years, we have applied unique LEAN methodologies throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Lafayette Hill, PA, IPS is a multi-national company with over 700 professionals and offices in Indiana, Massachusetts, New Jersey, North Carolina, Brazil and four locations in India.
