**IPS APPOINTS INDUSTRY VETERAN JOHN PANEBIANCO, PE
AS DIRECTOR, PROCESS ENGINEERING**

Lafayette Hill, PA; September 25, 2012 – Integrated Project Services (IPS), a leading, full-service engineering firm dedicated to helping clients succeed with capital projects and improve operations, today announced the appointment of John Panebianco, PE as Director, Process Engineering.

“We are delighted that John has joined IPS,” stated Dave Goswami, PE, Chief Executive Office/Managing Director, IPS. “He offers clients cutting-edge technical skills and extensive process knowledge. With his leadership, we continue to grow our world-class process and technology group and further enhance our position as the partner of choice for pharmaceutical and biotechnology companies.”

Mr. Panebianco possesses more than thirty-eight years of hands-on and management experience in the design, operation, control and optimization of domestic and international, multi-product biopharmaceutical, chemical and bulk biologics manufacturing facilities. In addition to his work as a Technical Specialist, he created and managed Jacobs Engineering’s Conshohocken Process Engineering Department for twelve years. Mr. Panbianco has held positions of increasing responsibility with Fluor Daniel, Catalytic/United Engineers and Constructors and IC Americas. Throughout his career he has specialized in a broad range of equipment knowledge, including biotechnology, solid dosage form, small molecule and active pharmaceutical ingredient (API) and state-of-the-art technologies such as single-use and disposables. Mr. Panebianco received his Master’s Degree in Chemical Engineering and his Bachelor’s Degree in Chemical Engineering from Drexel University.

About IPS

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, our team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. For over twenty years, we have applied unique LEAN methodologies throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Lafayette Hill, PA, IPS is a multi-national company with over 700 professionals and offices in Indiana, Massachusetts, New Jersey, North Carolina and four locations in India.
