IPS APPOINTS ALICIA RIESGO AS REGIONAL MANAGER, COMPLIANCE- NEW JERSEY

- Full CQV Life Cycle Experience and Strong Knowledge in Engineering, Manufacturing Operations, Quality Systems and International cGMP Compliance -

Blue Bell, PA; May 7, 2014 – IPS-Integrated Project Services, Inc. (IPS), a leading, full-service engineering, construction, commissioning and qualification firm dedicated to helping clients succeed with capital projects and improve operations, today announced the appointment of Alicia Riesgo as Regional Manager, Compliance for New Jersey.

“We are pleased to welcome Alicia to IPS”, said Dave Goswami, PE, Chairman and Chief Executive Officer, IPS. “Alicia’s outstanding background and extensive compliance knowledge make her an excellent resource for our Northeast-based and Latin American clients. She brings a wealth of experience with both domestic and multi-national companies; leading technical teams, managing complex projects and helping clients achieve their strategic business goals and project objectives.”

With over eighteen years of experience focused within the highly regulated pharmaceutical and biologics industries, Ms. Riesgo will continue to provide technical consulting for a wide range of New Jersey-based capital projects relating to product development and manufacturing. Having executed projects all over the world, she brings hands-on experience with international project management and a broad knowledge base of international regulatory agencies requirements and guidelines. Ms. Riesgo offers extensive knowledge of engineering, manufacturing operations, facility start-up, quality systems, cGMP compliance, documentation, risk assessments and auditing. Prior to joining IPS, Ms. Riesgo managed concurrent small, mid-sized and large commissioning, qualification and validation projects for Jacobs Engineering, Inc. At Washington Group International/Raytheon, she was a lead consultant responsible for commissioning, qualification and validation activities and developing new opportunities within the Latin American market. Ms. Riesgo earned a Bachelor’s Degree in Chemical Engineering from the University of Puerto Rico.

About IPS

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, our team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. For twenty-five years, we have applied unique LEAN methodologies throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Blue Bell, PA, IPS is a multi-national company with over 750 professionals and offices in California, Indiana, Massachusetts, New Jersey, North Carolina, Brazil, China, United Kingdom and four locations in India.
