The Orange County Register Names IPS a Winner of The Orange County Top Workplaces 2019 Award for the Third Year In A Row

Blue Bell, Pennsylvania, December 16, 2019 – IPS-Integrated Project Services, LLC, a leading provider of Engineering, Procurement, Construction Management and Validation (EPCMV) services, has been awarded a Top Workplaces 2019 honor by The Orange County Register. The list is based solely on employee feedback gathered through a third-party survey administered by research partner Energage, LLC, a leading provider of technology-based employee engagement tools.

“The Top Workplaces award is about much more than recognition and celebration,” said Eric Rubino, CEO of Energage. “Our research also shows that these organizations achieve higher referral rates, lower employee turnover, and double the employee engagement levels. It just goes to show that being intentional about culture delivers bottom-line results.”

Employees of the IPS Irvine office came together to celebrate the award.

“Starting a new office has many challenges and one of the toughest but most critical aspects is establishing a great culture.

Receiving the Orange County Top Workplaces award for the third year in a row is a solid indicator that IPS is creating the collaborative environment where our employees can thrive. As someone who recently joined IPS, I can confirm that this award factored into my decision to join and can attest to the awesome culture and team! This award is a big deal and IPS should be very proud of and fiercely protect and nurture this culture as we continue to grow the West Coast.” Keith Higgins, Sr. Director, Regional Operations Manager.
